Young, Curry B. Young, Devon Young, Rijohn Young, Roy C. Young, Lavonte Younger, Austin Zachary, Kelly M. Zachary, Lisa Zachary, Janet Zachery, John Zachery, Ysema Zamora, Diwanna Zapalac, Jeremy Zapalac, Emilee Raine Zbranek, Melissa Zenker, (hereinafter collectively "Claimants"), under protest and without prejudice to Claimants' position that this proceeding has been improperly filed and should be dismissed, and file these Claims to the Original Complaint for Exoneration from or Limitation of Liability filed by Maersk Tankers AS as ("Petitioner").

In support thereof, Claimants would show unto this Honorable Court the following:

I.
CLAIMS FOR DAMAGES

1.01 This Court has jurisdiction over these proceedings pursuant to 28 U.S.C. § 1331 and 28 U.S.C. § 1333. This is an admiralty or maritime claim within the meaning FED. R. CIV. P. 9(h).

1.02 Petitioner has appeared in this action and is subject to this Court's jurisdiction by virtue of filing its Complaint for Exoneration From or Limitation of Liability. Petitioner admits that it is the owner of the M/T CARLA MAERSK. Service on Petitioner is by service on its attorneys of record.

1.03 Claimants are residents of Texas. On or about Monday, March 9, 2015, or shortly thereafter, Claimants were located in the LaPorte, Baytown, Morgan's Point area of Texas near the Houston Ship Channel, when a collision occurred at approximately 12:31 p.m. the Liberian registered, 623-foot-long bulk carrier M/V CONTI PERIDOT and the 599-foot-long Danish flagged chemical tanker M/T CARLA MAERSK collided near buoys 89 and 90 in the Houston Ship Channel, Upper Galveston Bay, southeast of Morgan's Point, Texas, in the navigable waters of the Houston Ship Channel.

1.04 As a result of the collision, the hull of the M/T CARLA MAERSK was breached, causing unknown quantities of Methyl Tertiary Butyl Ether ("MTBE"), a fuel additive for gasoline, to be released and spread into the Houston Ship Channel and Terminal.

1.05 Based upon the National Transportation Safety Board's Preliminary Marine Accident Summary, the facts of the collision are as follows: The M/V CONTI PERIDOT weighed anchor offshore at the entrance to the Houston Ship Channel and boarded a pilot, and then proceeded inbound at about 0930 up the channel to City Dock 24 to discharge its cargo of steel rolls. About the same time, the M/T CARLA MAERSK departed Kinder Morgan Terminal in Galena Park, Texas, with a pilot on board and carrying 216,049 barrels (bbls) of methyl tertiary butyl ether (MTBE) outbound for Venezuela. As the vessels proceeded with their transits, radio transmissions between vessels reported developing fog in the Houston Ship Channel. At 1130, Houston Pilots suspended pilot boarding at the entrance channel due to fog. Piloted vessels already under way continued their transits. An hour later, with visibility estimated by the M/V CONTI PERIDOT pilot to be a ship's length, both vessels were at half-ahead traveling just over 8 knots as they approached each other south of Morgan's Point. The pilot on the M/V CONTI PERIDOT was having trouble returning to the channel center after passing another vessel and initiated a port-to-port passing arrangement with the pilot on the M/T CARLA MAERSK. After this

arrangement was made, the M/V CONTI PERIDOT moved to the left side of the channel and then back to the right. The M/V CONTI PERIDOT pilot then ordered hard starboard and full ahead in an effort to counter his vessel's anticipated movement to the left. The pilot on the M/V CONTI PERIDOT warned the pilot on the M/T CARLA MAERSK that he was coming back across the centerline of the channel toward his vessel. When the pilot on the M/T CARLA MAERSK saw the bow of the M/V CONTI PERIDOT emerge from the fog, he ordered hard starboard and full ahead in an effort to avoid what he perceived to be an imminent collision. The M/V CONTI PERIDOT's bow struck the port side of the M/T CARLA MAERSK, penetrating the two port wing ballast tanks and the no. 4 port cargo tank, which held about 15,495 bbls of MTBE. After the impact, the M/T CARLA MAERSK developed a port list, and the crew took action to move cargo and ballast to correct the list.

See National Transportation Safety Board No. DCA 15MM017, Preliminary Marine Accident Summary.

http://www.nts.gov/investigations/AccidentReports/Pages/DCA15MM017_preliminary.aspx

1.06 MTBE is an additive used to raise the octane in gasoline, though such use has been outlawed in the United States due to the hazardous properties of MTBE. MTBE is identified under section 112(b) of the U.S. Clean Air Act Amendments of 1990 [42 U.S.C. §7412(b)] as a Hazardous Air Pollutant (“HAP”). This followed the U.S. Environmental Protection Agency’s determination that it is known to have, or may have, adverse effects on human health or the environment. Even petroleum industry-sponsored studies conclude that carcinogenic effects are associated with MTBE exposure. Indeed, in a 2012 “special contribution” published in the *International Journal of Occupational and Environmental Health*, the authors found it “entirely plausible that MTBE would cause cancer in multiple organs,” and concluded this whilst citing multiple sources:

Thus, the overall scientific evidence on MTBE is consistent with criteria established by national and international health agencies for classifying an agent in the absence of human data as a ‘probable human carcinogen’ (International Agency for Research on Cancer, ‘reasonably anticipated to be a human carcinogen’ (National Toxicology Program), or ‘likely to be carcinogenic to humans’ (U.S. Environmental Protection Agency).

Kathleen M. Burns & Ronald L. Melnick, *International Journal of Occupational and Environmental Health*, Vol. 18, No. 1, at 68 (2012).

1.07 Claimants inhaled and/or were exposed to the toxic MTBE vapors and were among those citizens in the vicinity of the collision who were ordered by the local authorities and United States Coast Guard to “shelter in place.” Despite their best efforts to avoid inhalation and exposure to toxic MTBE vapors, Claimants continued to inhale and/or be exposed to the toxic MTBE vapors for a considerable period of time. As a result of inhaling and/or being

exposed to the MTBE hazardous vapors and gases, Claimants suffered headaches, nausea, and dizziness, among other ailments, with many requiring medical treatment.

1.08 At all times material hereto, the M/T CARLA MAERSK was owned, operated and/or managed by Petitioner Maersk Tankers AS. Due to the negligent and/or careless acts of commission, omission, or other legal fault of Petitioner as owner and/or operator *pro hac vice* and/or operator of the M/T CARLA MAERSK in navigating the vessel within the Houston Ship Channel and violation of applicable International Regulations for Prevention of Collisions at Sea (“COLREGS”) and Inland Navigational Rules Act of 1980, among other things, Claimants were exposed to the hazardous and toxic MTBE vapors and suffered injuries.

1.09 By virtue of its ownership, operational, and/or management interests in the M/T CARLA MAERSK, Petitioner is liable and accountable for the injuries sustained by Claimants due to the negligent acts or omissions committed by said vessel, its agents, representatives and/or employees; including, but not limited to, one or more of the following particulars:

- (a) Failing to follow and adhere to applicable Inland Navigational Rules;
- (b) Failing to properly train and/or supervise its officers and crew in the operation and navigation of the vessel;
- (c) Failing to maintain a proper and competent lookout;
- (d) Failing to sound and/or display appropriate signals required under the circumstances, especially in restricted visibility;
- (e) Failing to proceed at a safe speed under the circumstances at the time of the collision;
- (f) Failing to take proper and effective action to avoid the collision and/or be stopped within a distance appropriate under the circumstances at the time of the collision;
- (g) Failing to take prompt and efficient measures to contain the release of MTBE;
- (h) Failing to comply with applicable international and maritime safety

standards, statutes, and regulations designed to prevent incidents of this sort; and/or

- (i) Other acts so deemed negligent, particulars to be shown at trial of this cause.

1.10 Upon information and belief, the foregoing condition(s) were within the privity and knowledge of Petitioner.

1.11 Claimants would show that all aforementioned acts, taken together or singularly, constitute the producing causes of the damages sustained by Claimants.

1.12 Petitioner owed to Claimants duties of ordinary and reasonable care in maintaining and operating the M/T/ CARLA MAERSK and to guard against and/or prevent the spilling of, and exposing Claimants to, MTBE. Petitioner breached those legal duties owed to Claimants by acting without reasonable care and with reckless, willful, and wanton disregard in the negligent maintenance and operation of the M/T CARLA MAERSK, and in spilling and exposing Claimants to MTBE. Petitioner knew or should have known that its willful, wanton, and reckless maintenance and operation of the M/T CARLA MAERSK would result in a collision and spill that would be hazardous to Claimants working in proximity to the spilled MTBE. Petitioner acted with gross negligence, willful misconduct, and reckless disregard for human life, the environment, and the wellbeing of Claimants. Claimants are thereby entitled to a judgment finding Petitioner liable to Claimants for damages suffered as a result of Petitioner's gross negligence and/or willful misconduct, and awarding Claimants adequate compensation in an amount to be determined by the trier of fact, including punitive damages for Petitioner's conduct.

1.13 Nothing the Claimants did or failed to do on the occasion in question caused or in any way contributed to their injuries sustained at the time in question.

1.14 Claimants, respectively, bring claims pursuant to the general maritime laws of the

United States, as supplemented by state law, for economic loss; past and future medical expenses, physical pain, suffering, and/or mental anguish; emotional distress; anxiety; and reasonable fear of developing future physical and medical problems.

1.15 These claims are being made under protest and without prejudice to Claimants' position that this Limitation of or Exoneration from Liability proceeding should be dismissed and is improper on a variety of grounds, including but not limited to:

- (a) Inadequate security has been posted; and
- (b) The value of the vessel is greatly understated.

1.16 Similarly, this claim is being made without prejudice to Claimants' right to challenge the sufficiency of Petitioner's limitation fund by written motion and/or moving this honorable Court for an order to increase the value of said limitation fund.

II. DAMAGES

2.01 Claimants suffered personal injuries and damages as a result of their exposure to MTBE that was released from the M/T CARLA MAERSK into the environment as a result of the collision between the M/T CARLA MAERSK and M/V CONTI PERIDOT.

2.02 Claimants are entitled to maintain an action and affirmatively seek recovery from Petitioner for the following damages arising from their injuries:

- (a) Economic loss and compensatory damages;
- (b) Reasonable and necessary medical and other health care related expenses, assistance, and treatment in the past and future, attributable to the injuries inflicted upon Claimants as described herein;
- (c) Physical pain and suffering in the past and future;
- (d) Mental anguish and suffering in the past and future;

- (e) Physical impairment in the past and future;
- (f) Inconvenience;
- (g) Loss of the quite enjoyment of their homes and/or property;
- (h) Punitive damages to the fullest extent available under the law;
- (i) Attorneys' fees and costs of litigation; and
- (j) All such other and further relief available under all applicable laws and any further relief the Court deems just and appropriate.

III.
INTEREST

3.01 Claimants seek prejudgment and post judgment interest as allowed by law.

IV.
CONDITIONS PRECEDENT SATISFIED

4.01 Claimants allege that all conditions precedent to the maintenance of this action have been met or satisfied.

V.
PRAYER

WHEREFORE, PREMISES CONSIDERED, Claimants demand judgment against Petitioner for their damages in an amount to be determined by this Honorable Court, in addition to prejudgment and post judgment interest, and all costs of court.

Respectfully Submitted,
